

**ADDENDUM # 2**  
**REQUEST FOR PROPOSAL**  
**FOR**  
**CITY OF SEDONA**  
**WASTEWATER DEPARTMENT**  
**WELL # 1 AREA FENCE CONTRACT**

**To Whom It May Concern:**

The City of Sedona, Arizona is issuing **Addendum # 1** to the plans and specifications as originally issued at the time of solicitation for bids for the Well #1 Area Fence Contract. **This amendment is issued on February 5, 2016 and revises the Fencing item and clarifies the Erosion Control Pad sheet..**

For any bid to be considered responsible and responsive, receipt of this addendum must be acknowledged. Acknowledgement shall consist in signing this addendum and submitting it when responding to the Request For Proposal.

This Addendum contains 1 page including this page, 0 changed bid sheets, 0 plan sheets, and 0 additional Technical Specification. Any changed bid sheets shall be used in lieu of the originally issued bid sheets in order to submit a responsive bid.

*This Addendum modifies the following:*

***Item 3 Quote Response Form added language to read,***

The fence shall be Type 2 Barbed Wire, **except that the bottom wire shall be barbless per General Note 2 on Sheet 2.**

*This Addendum clarifies the significance of the 2 pages labeled "Erosion Control Pad" as follows:* **The purpose of the Erosion Control Pad sheet is inform proposers that the placement of fence posts is to avoid the area of a future erosion control pad to be installed by others. The Clear and Grub item does not envision placement of erosion control devices as part of this contract. It does require compaction of disturbed areas and berms, as well as removal of trees, bush, and debris along the fence alignment. This is a clarification and does change the Job Scope.**

Addendum # 2 issued by Charles Mosley, PE, Director of Wastewater, City of Sedona Wastewater Department
